

hidrive

CORPORATE PROFILE

Who We Are

WELCOME to Hidrive Group Pty Ltd. We are a private company that is 100% Australian owned and ISO 9001 certified.

Hidrive is an energetic business that is financially strong and continues to experience sustained organic growth. One critical element of this growth is our commitment to ensure that we provide a well-resourced environment that is continually investing in People, Innovation, Facilities, and Technology.

In my responsibility here at Hidrive I have the privilege of overseeing an exceptional team who live and breathe our values, and who have the ability to proactively manage the dynamics of an expanding and evolving business.

While things change rapidly in most areas of our personal and working lives, there are some things that remain the same. Personally, I have a relentless focus on three things. That is our Values, Customers, and Strategy. Every employee knows how they rate versus our Values, Customers are our guiding principal, and Strategy gives us clear direction for the road ahead.

CEO
Stan Eagle

Our Capabilities

ABOUT OUR PRODUCTS

Hidrive means mobile workspaces for utes and light trucks. It is a tried, and tested, engineered platform which is easily configured to meet the rigorous demands and diverse needs of our clients.

HIDRIVE'S FACILITIES

As a vertically integrated business with control over all facets of design, manufacture, installation, and service, Hidrive's facilities afford ample scope to provide unsurpassed service regardless of complexity or quantity.

OUR SYSTEMS

Across all areas of Hidrive, we are a systems driven business. This gives our clients the assurance of product consistency and support nationally.

EXCELLENCE IN MANUFACTURING

Here at Hidrive, we are a true demonstration of Australian manufacturing excellence. Our people are driven by Hidrive's values, they efficiently deliver amazing products that exhibit outcomes commensurate with their expertise and the manufacturing technologies employed.

OUR ON TIME GUARANTEE

We understand that all successful businesses operate in a time critical environment. Hidrive's On Time Guarantee is proof of our commitment that we always deliver on our promise.

Our Vision: Driving Efficiencies

ISO 9001 QUALITY MANAGEMENT SYSTEM

Hidrive's ISO 9001 quality certification is the ultimate benchmark for quality management. This demonstrates our ability to consistently deliver quality services in demanding markets, and our serious commitment to continuous improvement of our systems and products.

THE ROAD AHEAD

We understand that just like us, your business operates in a competitive environment, and the stakes on safety, efficiency, and cost constraints are high. Our assurance is to meet and exceed your designated outcomes with realistic solutions.

NEW DEVELOPMENTS - WHERE WE ARE GOING

New developments are spearheaded by our R&D unit which is a separate business entity. This ensures that our clients are at the forefront of the fleet trades and field services business, while meeting the compliance and sustainability challenges of the future.

Our Mission

OUR TEAM

The heartbeat of our business ethos is continuous improvement, training and professional development.

SAFETY

Provide Safe and Functional mobile workspaces for a broad spectrum of business activities.

INTEGRITY

To deliver what we promise - when we promise.

OUTCOMES

We have the scale to meet or exceed your expectations, and the versatility to ensure that no detail is omitted.

SYSTEMS

Great systems energise our people. With clear scoreboards and targets every team player leaves their job for the day knowing whether they have lost or won, and looking forward to tomorrow!

What We Have Achieved

HIDRIVE is a leading brand in the lexus of fleet operators who are serious about safe, reliable and cost-effective mobile workspace solutions. Strong support and loyalty from our clients including mutual and effective affiliation with leading fleet providers.

"Your company has been a critical partner in the standardisation of the vehicle designs across our fleet. Your people, process and industry knowledge really are demonstrated in the final product. A first-class solution every time. Thanks, guys!"

- Scott Seddon
Manager Logistics, Contracts and Fleet
ActewAGL, Evo Energy and ICON Water

"In my opinion they are leaders in their field when it comes to the quality and durability of their product, technical expertise, national coverage capability, competitive pricing and account management. They also provide strong after sales support and warranty work without any issues."

- Lorna Toynton
Vehicle Management & Benefits Coordinator
Cummins South Pacific

Realising Your Vision

DELIVERING CERTAINTY TO OUR CLIENTS

We understand the importance of easily planning and achieving a cost-effective vehicle fleet that will deliver results for your business.

A PROVEN PLATFORM

At Hidrive your project is never an experiment. Building on our robust and modular system, our experienced designers and engineers ensure that your vehicle and workspace configuration are functional, fit for purpose and compliant.

WE MAKE VEHICLE COMPLIANCE EASY

The use of advanced design and modelling tools includes all stakeholders in the design and decision making process, including:

- Overall external 3D views
- Optional decals and signage on 3D views
- 3D views of internal fit out and accessory functions
- Vehicle weight calculator ensuring GVM compliance

Keeping You Up With The Latest

THE consistent roll-out of new ute models ensures that the iconic brands evolve into smarter vehicles with enhanced driver comfort and safety levels.

Here at Hidrive, our design and engineering teams are busy researching and testing design elements well ahead of the first shipments of new models from various utility manufacturers,

enabling seamless deliveries of new vehicles fitted with Hirive Service Bodies to clients across the country.

Deliver your mobile workforce a quantum leap forward in reliability, versatility and security, keeping valued equipment safe and easily accessible whatever the conditions.

Redefining Your Fleet Rollout

HIDRIVE has been in the industry long enough to know that managing a fleet rollout can be a time-consuming project and we do everything we can to make the process as easy as possible. Trusted by Fleet Managers across Australia, let our experienced team partner with you through the journey.

ON TIME GUARANTEE

At Hidrive we understand the importance of working within time bound constraints and meeting deadlines. Whether your business is planning a fleet roll-out or upgrading a single vehicle - Being able to know exactly when to expect your delivery makes all the difference.

MADE RIGHT HERE

By purchasing a Hidrive product you are supporting Australian business. All of our service bodies are built right here in Australia. Our eastern states manufacturing plant is located in Goulburn and our Western Australia manufacturing plant is located in Perth to facilitate our product rollout nationally.

ISO 9001 QUALITY

The ISO 9001 Quality Management System (QMS) ensures that in our manufacture and supply of ute service bodies we meet the needs and expectations of both our customers and other interested parties, based on internationally recognised quality management principles set out by the International Standards Organisation (ISO).

WHAT IS FLEETASSIST?

Fleetassist is Hidrive's coordinated cloud-based fleet management portal to enable management of your new vehicle roll out.

Fleetassist gives all stakeholders in your new fleet rollout:

- One point of contact on the status of all vehicles in your fleet rollout
- An easy to use login for each user/ stakeholder
- Certainty and current information on the status of your whole fleet project
- Live transparent information on the location of vehicles, status of vehicles, and delivery times

A TRANSPARENT AND EASY TO USE PORTAL FOR ALL STAKEHOLDERS IN YOUR FLEET ROLLOUT.
