SMARTBAR, VEHICLE SPECIFIC

Protect vehicle and engine components with Smartbar's impact absorbing construction. Lighter weight than steel bullbars.

Features & Benefits:

- Spartan SmartBar Bullbar uses a flexible and incredibly durable polyethylene material shaped using a rotational moulding process to create a bullbar that offers unsurpassed levels of safety
- Designed to absorb and disperse impact energy forces and return to its original shape, bullbars can flex up to 85% and return to 95% of original shape
- Light weight alternative compared to traditional steel bullbar options - up to 35kg lighter when comparing some models
- Safe and reliable option, when correctly installed, Smartbars will not affect your vehicles ANCAP rating and are air bag compatible
- Available in winch and non-winch compatible versions
- Only select options available through Hidrive - book an appointment with a Hidrive Mobile Workspace Specialist to confirm

Details:

✓ Compatibility	Ute
✓ Warranty	12 Month manufacturers warranty
