240V AUX BATTERY CHARGER, VICTRON 10A CHARGER

Allows charging of AUX battery system from 240V AC mains power supply.

Features & Benefits:

- The Victron Energy Blue Smart 240V Charger is used to recharge auxiliary dual batteries via an external 240V or AC power supply
- Allows a dual battery system to be charged via AC without needing an AC compatible charger (refer to the Dual Battery System Fact Sheet for more information)
- Easy to connect charger to the battery
- Water, dust and chemical resistant
- Seven step smart charge algorithm with up to 95% efficiency - the charger gives the battery the power it needs, maintains its health and ensures better performance
- Ability to recover fully discharged batteries and partially reverse sulfation (charger will attempt to recharge deeply discharged batteries by force-feeding it with low current)
- Check the status of your battery on a smartphone, tablet or laptop using Bluetooth connectivity and the VictronConnect App

Details:

✓ Compatibility	Ute, Truck, Trailer
✓ Warranty	12 Month manufacturers warranty
