RECOVERY WINCH

If you're looking for a premium winch to ensure you can get out of any off-road pickle, look no further than our range of vehicle recovery winches.

Bushranger COVERT 10,000 lb (synthetic or steel wire) – this superb winch has the control box built into the motor housing which makes it lighter and keeps it out of the way of a front radar.

Bushranger REVO MKII 10,000 lb (synthetic or steel wire) – engineered to meet the demands of serious off-road enthusiasts who require dependable performance in all environments.

Warn VR EVO 10-S (synthetic wire) – features waterproof construction and a corded remote with 3.5m lead.

All our winches are compatible with ARB bullbars (also available from Hidrive, sold separately).

Speak to our team for advice on which winch from our range is the best solution for you.

Options:

- COVERT 10,000lb synthetic rope winch
- COVERT 10,000lb wire rope winch
- Bushranger REVO MKII synthetic rope winch
- Bushranger REVO MKII wire rope winch
- Warn VR EVO 10-S synthetic wire winch

Features & Benefits:

- Strength and rigidity with a tough aluminium alloy body, finished with a durable satin black powder coat
- Built-in motor control unit with tuned 12V motor and 4-stage gearbox
- Compatible with ARB bullbars (sold separately, speak to our team)
- All winches include hand-held corded remote control units

- Unobtrusive fitment that doesn't interfere with airflow to cooling systems or with vehicle sensors
