

# REVERSE CAMERAS MIRROR MOUNT

CATEGORY REVERSING ASSISTANCE

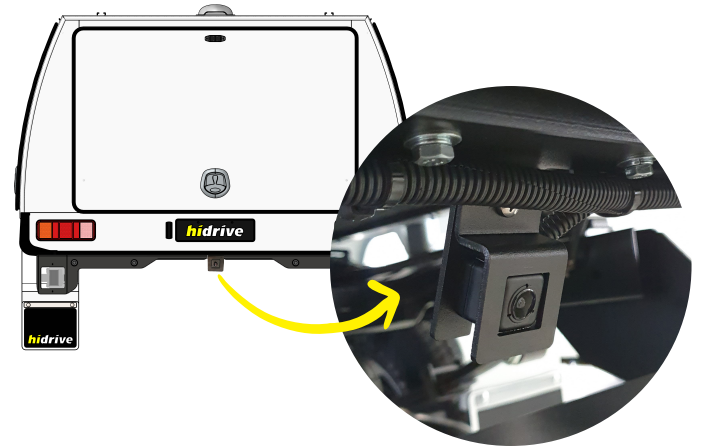

HIDRIVE FACT SHEET 18006

## HIGH DEFINITION STREAMING MEDIA MIRROR MONITOR WITH BUILT IN DUAL DASHCAMS

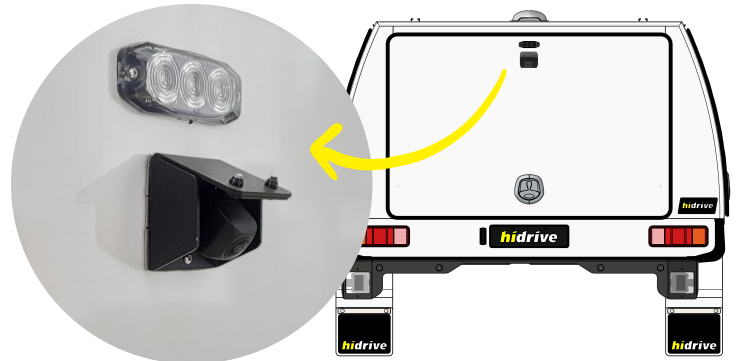

- ✓ High Definition Streaming Media Mirror Monitor with Built In Dual Dash-cams is both a Reverse Camera and Front and Rear Dash Camera system
- ✓ 9.66" Full Screen High Definition Display - replaces vehicle OEM Rear Vision Mirror
- ✓ Dual Front and Rear 1080p recording cameras (Dash Cams) - Front camera incorporated into Mirror Monitor and camera records through reverse camera
- ✓ 140 degree Wide Viewing Angle and auto camera angle adjustment, tilt up/down to suit reverse and forward gears
- ✓ Options for Parking and Night mode to reduce glare to drivers vision
- ✓ Reverse Camera / Rear Vision display will automatically activate when vehicle is in Reverse
- ✓ Rear Vision Camera can be programed to be active in forward gears to provide rear vision where standard mirror is blocked by Service Body or Equipment
- ✓ WIFI Connectivity allowing for easy file downloading and sharing through Smart Park App, compatible with Android and ISO
